

ONE-PIECE MOLDED SHOWER PAN

60" x 32" End Drain Pan

- Ideal for use when replacing bathtub with a shower pan
- Integral shower floor and threshold for alcove installation
- Available in Meridian in solid colors
- End drain configuration allows pan to be used for right or left drain installation
- Easy to clean surface, does not promote mold or mildew
- Textured flooring helps prevent slipping
- Tapered floor helps water flow to drain
- Rigid water barrier integrated into base
- Certified by NAHB research center to the ANSI Z124 standard
- Uses standard 2" NPS strainer assembly

Pan must be installed after rough-in framing and before dry wall is hung
