

CUSTOM SHOWER PANS

Pan must be installed after rough-in framing and before dry wall is hung

Max. Size 70" x 118"

- This universal shower floor yields any size one-piece base up to 70" x 118"
- Available in Meridian Solid Surface solid colors
- Easy to clean surface, does not promote mold or mildew
- Textured flooring helps prevent slipping
- Tapered floor helps water flow to drain
- Rigid water barrier integrated into base
- Certified by NAHB research center to the ANSI Z124 standard
- Uses standard 2" NPS strainer assembly
- Optional shower strainer assembly available
- No threshold is attached and must be ordered separately
- For out of square or special angles, a rigid template is required
- When ordering your custom shower base, please account for threshold. Otherwise threshold may exceed the desired finished size
