

CUSTOM TILE SHOWER PANS

Pan must be installed after rough-in framing and before dry wall is hung

Max. Size 116" x 92"

- This universal shower floor yields any size one-piece base up to 116" x 92"
- Available in Meridian Solid Surface solid colors
- “Hygienically-Friendly” and does not promote mold or mildew
- Offers a 2" x 2" tile look with a simulated textured grout without the inherent risk of water leakage associated with tile showers
- Tapered floor helps water flow to drain
- Rigid water barrier intergrated into base
- Certified by NAHB research center to the ANSI Z124 standard
- Uses standard 2" NPS strainer assembly
- No threshold is attached and must be ordered separately
- For out of square or special angles, a rigid template is required
- When ordering your custom shower base, please account for threshold. Otherwise threshold may exceed the desired finished size
